

coph nia. holy war ep

digital ep. raubbau digitalraub-011

tracklist:

01. briefing
02. holy war [pt. I - enter]
03. the binah/satharyal complex
04. holy war [pt. III - remobilize]

release date: 19.04.2018

originally issued in 2001, the 27 minutes of 'holy war' were (and are) arguably the most industrial coph nia release ever. mostly neglecting the lush vocal performances of the debut album, entirely discarding the more gothic atmospheres, this is all about darkness - and an upfront, aggressive brand of martial industrial. an ambient intro, an appropriate call to war, driven by kettle drums and a commanding voice; a 13+ minute centerpiece traveling from bleakness to a threatening pulse, before it all ends on a hypnotic, ritual tribal note. holy war, the relationship between religion and violence - possibly more topical than ever.
